COMMERCIAL UNITS

Unit Number	Unit Type	Approx. Net Area (Square Feet)	Commercial Class Common Interest %	Common Interest %
C1	Commercial	5,376	19.118%	1.096%
C2	Commercial	7,247	25.772%	1.477%
C3	Commercial	9,204	32.731%	1.876%
C4	Commercial	6,293	22.379%	1.283%

A. LAYOUT AND FLOOR PLANS OF UNITS. Each Unit has the number of bedrooms ("*Bed*") and bathrooms ("*Bath*") noted above. The layouts and floor plans of each Unit are depicted in the Condominium Map. None of the Units contain a basement.

B. APPROXIMATE NET LIVING AREAS. The approximate net living areas of the Commercial Units and the Residential Units were determined by measuring the area between the interior finished surfaces of all perimeter and party walls at the floor for each Unit and includes the area occupied by load bearing and nonloadbearing interior walls, columns, ducts, vents, shafts, stairways and the like located within the Unit's perimeter walls. All areas are not exact and are approximates based on the floor plans of each type of Unit.

C. COMMON INTEREST. The Common Interest for each of the total five hundred and sixty (560) Units (including Commercial Units and Residential Units) in the Project is calculated based on dividing the approximate net living or commercial area of the Unit, as applicable, by the total net area of all the Units in the Project. In order to permit the Common Interest for all Units in the Project to equal exactly one hundred percent (100%), the Common Interest attributable to Residential Unit No. 203 was increased by 0.011%.

D. COMMERCIAL UNIT CLASS COMMON INTEREST AND RESIDENTIAL UNIT CLASS COMMON INTEREST. The Commercial Unit Class Common Interest is calculated for each Commercial Unit based on dividing the approximate net commercial of the Commercial Unit by the commercial area of all Commercial Units in the Project. The Commercial Unit Class Common Interest total equals one hundred percent (100%). The Residential Unit Class Common Interest is calculated based on dividing the approximate net living area of the Residential Unit by the total net living area of all Residential Units in the Project. In order to permit the Residential Unit Class Common Interest to equal one hundred percent (100%), the Residential Unit Class Common Interest to Residential Unit No. 203 was decreased by 0.043%.

E. PARKING STALLS AND STORAGE ROOMS. The Condominium Map depicts the location, type and number of parking stalls and storage rooms in the Project. All parking stalls (including guest parking stalls) not otherwise identified above as a Unit Limited Common Element to a specific Unit are Unit Limited Common Elements appurtenant to Residential Unit No 203. All storage rooms identified on the Condominium Map with "S-" and a number are Unit Limited Common Elements appurtenant to Residential Unit No. 203, unless otherwise assigned and redesignated as a Unit Limited Common Element to another Unit. Developer has the reserved right to redesignate such parking stalls and storage rooms currently designated as Unit Limited Common Elements appurtenant to Residential Unit No. 203, to other Residential Units in the Project as Unit Limited Common Elements appurtenant to such Residential Units.
